

## **29.04.2015      Bibliographies & Citation Formats**

We will briefly look into bibliography and citations format. You should be ready to give a short presentation on the three citation formats (IEEE, ACM, APA), which you were supposed to study. Be ready to present the results of your literature search.

### Homework:

1. Identify the 30 most cited paper in your collection and review their references
2. Update your collection based on these references and update your citation index
3. Sort and divide your paper collection into subtopics and categories
4. Create a PDF copy of your Wiki section on “Introduction to Scientific Working“ and upload it to LEA until 11.05.2015, 20:00.
